

RINAC

Industrial Refrigeration & Cold Solutions from Farm to Fork

TITANIUM PARTNER ARCON 2025

Cutting Edge Technology by Rinac India Limited

RINAC INDIA LIMITED

1

Incorporated in 1994

Registered office at Bangalore
Commercial Production commenced in 1995

MANUFACTURING UNITS

Bangalore, Karnataka (35,000 Sq Ft. Floor Area)

- Farm and Ammonia Refrigeration System
- SIPAC PIR Endblock Panels with Cam Locks
- Insulated Doors
- Cold chain process equipments
- Refrigerated Trucks

Mumbai, Maharashtra (65,000 Sq Ft. Floor Area)

- Four Component Complete Line of Production

Capacity: 10,00,000 Sq. Mts.

Rinac: SHRIMP Processing, Andhra Pradesh

PROJECT NAME : SHRIMP PROCESSING
PROJECT DETAILS : PROCESSING OF 70 MT/DAY OF
SHRIMP AND STORAGE OF 1380 MT OF PROCESSED SHRIMP.
REFRIGERANT : AMMONIA
REFRIGERATION CAPACITY : 730 TR
SCOPE : PIR PANELS FOR COLD ROOM & WORK PROCESS AREA, MOBILE PALLET RACKING OF 1500 PALLETS AND REFRIGERATION
PROJECT STARTING : 03/04/2023
PROJECT COMPLETION : 20/09/2023

9

Rinac: F&V Processing Chittoor

PROJECT NAME : F&V Processing, Chittoor
PROJECT DETAILS : Pre-Engineered Building with Cold Chain Facility
REFRIGERANT : AMMONIA
SCOPE OF : One Set straight Line IQF
WORK 1200 Kg/Hr. (Based on Mango Dice; Two sets of Blast Freezers for F & V; 4 sets of Frozen Chambers- 2193 MT; Ante Room, Packing Hall, Process Hall.
PROJECT STARTING : 8th January 2022
HANDING OVER: 20TH August 2022

Rinac Partners with Dexion to Revolutionize Cold Chain Solutions in India

We're proud to announce our strategic partnership with Rinac, a trailblazer in cold chain infrastructure and clean modular construction based in Bangalore, India.

Established in 1984, Rinac has emerged as a leader in designing, manufacturing, installing, and commissioning turn-key cold chain projects and clean construction solutions. With a winning approach, they have successfully served diverse industries including pharmaceuticals, food products, seafood, meat, poultry, ready-to-eat, cosmetics, healthcare, pharma, pharmaceutical, and engineering logistics.

They have an international footprint covering across Sri Lanka, Nepal, Bangladesh, Pakistan, Qatar, UAE, Kenya, Uganda, Tanzania, Congo, and Nigeria, showcasing their commitment to global excellence.

Our partnership marks a significant milestone for Rinac, enabling them to integrate cutting-edge steel pultrusion and shading systems, as well as innovative solutions into their comprehensive offerings.

Dexion in Germany is part of Dexion Material handling and automation group to distribute products and solutions in the Indian market under the StorEdge brand.

"We are thrilled to join our forces," says Mr. Rameshwar, joint managing Director, Rinac India Limited.

"The reputation of our new partner for quality aligns seamlessly with our commitment to excellence in cold chain and clean modular construction. This is a new era for us, enabling us to provide world-class solutions to our clients, including major corporations like ITC, Britannia, Tata, Reliance, HUL, and many more."

Rinac's expertise, coupled with our innovative storage solutions, positions them as the go-to choice for businesses seeking tailored, reliable, and efficient cold chain and clean construction solutions in India.

"Our mission has always been to redefine quality continuously, assimilating new skills to set higher standards for performance," says Mr. Raj Shekhari, CEO, Rinac India Limited. "This partnership aligns perfectly with our vision of being a leader in the cold chain and clean modular construction industry, ensuring a better tomorrow for investors and employees alike."

With a shared passion for innovation, we can confidently extend our presence in India. The shared commitment to customer satisfaction and a focus on innovation opens a bright future promising groundbreaking solutions for the Indian market.
